

The Oklahoma School of Science and Mathematics. A place of academic rigor and Oklahoma's brightest high school students.

Only two of the best students from each school in Oklahoma are accepted.

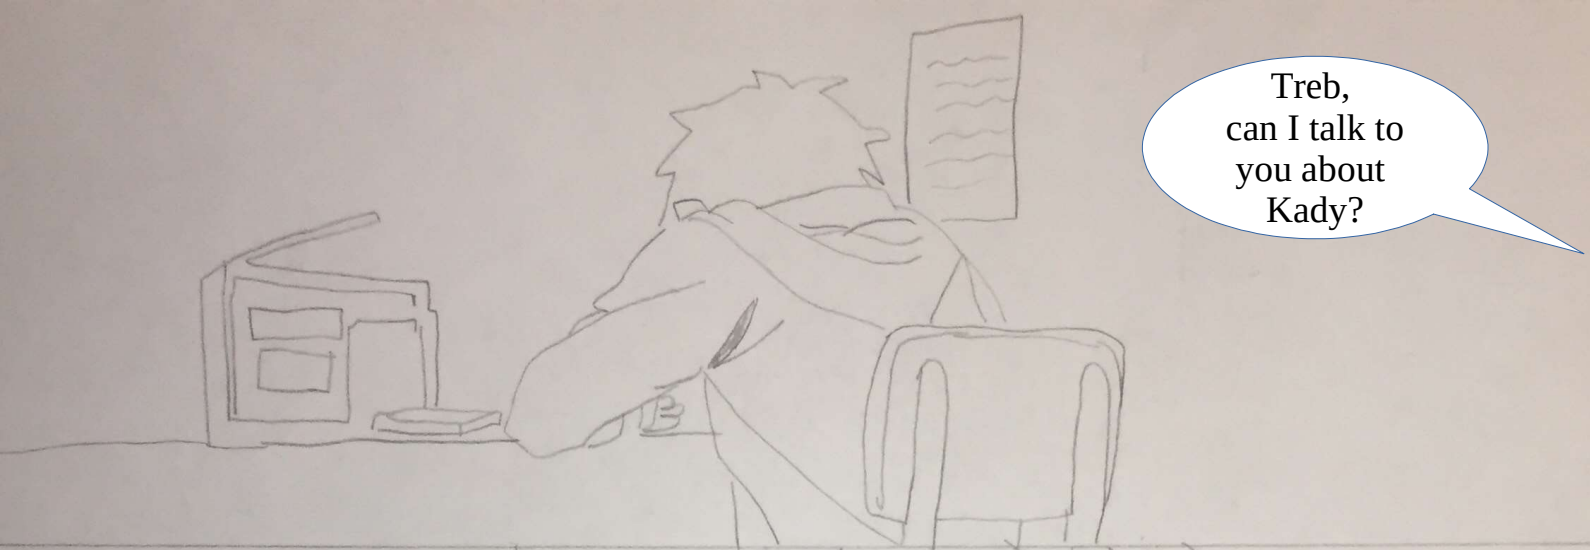

I left my small town and arrived at the heart of the state capital for school.

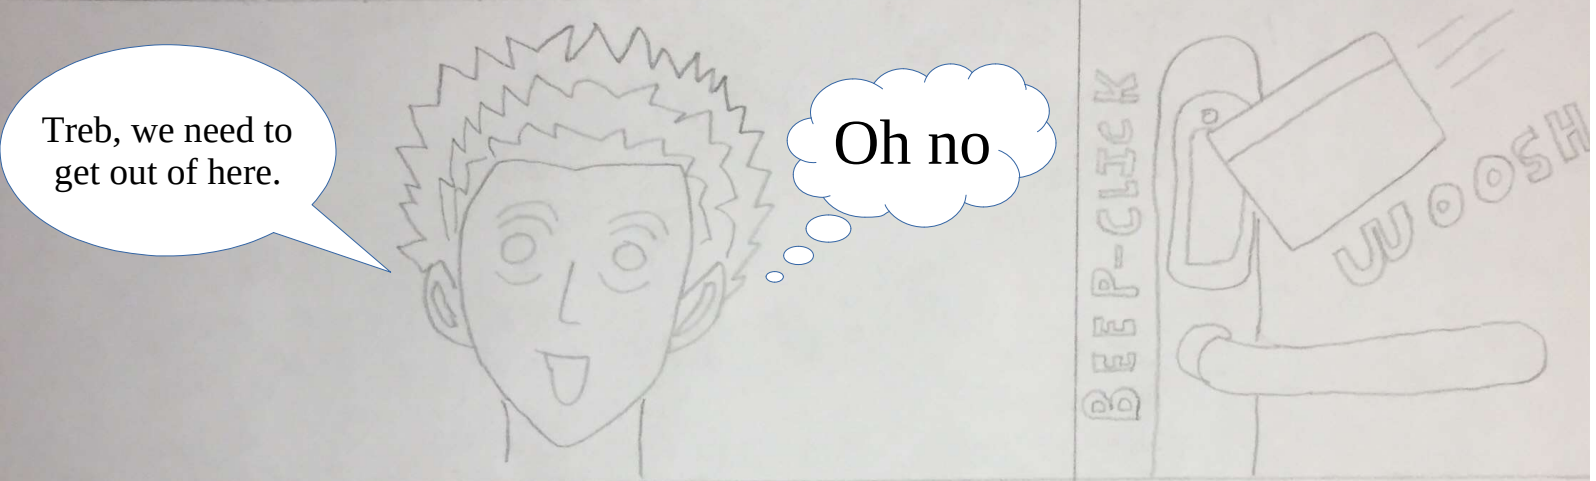

I'm so excited to compete and learn with the best in Oklahoma.

I'm in the worst classes!?

The students even live on campus with a strict schedule to ensure that they study.

Students are not allowed regular internet access and have their phones taken away from them!

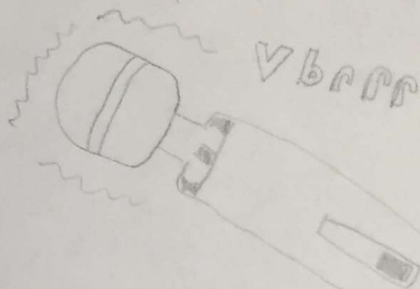

Today, we will be learning about proprioception* with this!

*the ability to perceive the position and movement of a limb/body

UUHAT

A vibrator cannot be appropriate for school!

Try to touch your nose.

After holding this against her elbow for a while, she won't be able to touch her nose.

What's wrong with this school?

Whoa, she really missed!
